**ZAWINUL LEGACY BAND TO PLAY LOS ANGELES DEBUT CONCERTS AT
CATALINA BAR & GRILL ON MARCH 11 & 12, 2014 AT 8:30 PM**

**The Zawinul Legacy Band Honors The Music Of Joe Zawinul, Weather Report, and The Zawinul
Syndicate During West Coast Debut Following Carnegie Hall Performance.**

Created to honor Joe Zawinul's groundbreaking work as a composer and performer, the Zawinul Legacy Band reignites the Grammy-winning music of Weather Report and the Zawinul Syndicate during their West Coast debut at Los Angeles' Catalina Bar & Grill located at 6725 Sunset Blvd, Los Angeles, CA 90028. The band will play two shows, Tuesday, March 11th and Wednesday, March 12th at 8:30 pm. Tickets are \$20. Both concerts will be recorded as part of a live album slated for release in Summer 2014.

These two performances follow the band's United States debut at Carnegie Hall on Saturday, March 8, 2014, presented as part of the Shape Of Jazz and Vienna: City Of Dreams Series, a collaboration between Carnegie Hall Festivals, The George and Joyce Wein Foundation and Absolutely Live Entertainment, LLC.

Going beyond a 'tribute' band, the incredible musicians who form the core of the group have first-hand experience performing and recording with Joe Zawinul and Weather Report, giving them invaluable insight into the creativity and energy infused in performances of Joe's music.

Created by Joe's son, Tony Zawinul, as the official ensemble for Joe's legacy, the Zawinul Legacy Band has welcomed new players who embody the spirit of Joe's music. The group's virtuosic performances evoke and honor Joe and the original Weather Report and Syndicate shows. The Zawinul Legacy Band remains the only authorized ensemble to recreate this magic while evolving with their updated sound, catching the attention of audiences everywhere.

The current line-up consists of keyboardist Scott Kinsey - keyboards, Bobby Thomas, Jr. - percussion, Mike Baker - drums, Hadrien Feraud, bass, and Katisse Buckingham - saxophones and flute.
